Sources of Funding and Other Support

Identify each organization supplying funding for the study - if your study only has funding/support from Northwestern University you must still click on the "+Add" button below and indicate in question 2 the specific NU department/division that is providing funding/support for this study.

1. * Identify each organization supplying funding for the study:

+ Add

Funding Source

Sponsor's Funding ID

Prime Sponsor

Grants Office ID

CERES ID

CERES ID

Add Funding Source

If this project has external funding, use the CERES chooser in question 1 to select the correct grant, contract, or other mechanism funding the study. Confirm this information with the research or finance administrators in your department if you are unsure of the correct grant or contract CERES number for this study.

When you select the CERES record, questions 2 through 5 will automatically be filled in with the correct information.

If this project is not funded through CERES, or you cannot find the correct grant, then complete questions 2 through 5 manually, as applicable.

If funding/support for your study is only from NU (no external funding sources), select your NU department/division from the drop-down menu in question 2. See the help links below for more information.

1. * Is this research funded by an external sponsor (an agency, department, foundation or other funding source external to Northwestern University) that has awarded funding to NU, or through a sub-award?

NOTE: If your project has external funding, but that funding did not go through NU (e.g. SRALab or Lurie Children's is managing the grant), please select "No" to this question.

Yes No [Clear](#)

* CERES ID

 ...

2. * Funding/Support Organization: ?
